MARBLE & GRANITE

LUXURY BATHROOM SURFACES

**Caterham Marble and Granite are delighted to present our collection of luxury quartz surfaces for bathrooms.**

In recent years, the popularity of bathroom furniture with quartz surfaces has grown significantly. As a leading fabricator of Silestone, one of the world's largest suppliers of quartz, we have been at the forefront of this upturn. We source our materials in large quantities, enabling us to pass on the volume discounts that we receive onto our customers.

We have brought together this broad range of quartz as we believe it presents you with the most popular colours, at the best possible value. From the ever-popular sparkling Stellar range, to the classic veined materials White Arabesque and Lagoon, we are confident that you'll find a colour in our collection that meets your requirements.

To complement our bathroom surfaces we also offer a range of bespoke shower trays and washbasins to add a final layer of luxury to your bathroom.
