the finest suppliers

At Caterham, the highest quality materials are sourced and imported from Italy and around the world on a monthly basis. Thanks to our excellent relationship with the finest suppliers, any material that you need is just a few weeks away.

In addition, we have up to half a million pounds worth of stock available at all times. With such a broad selection of colours, available in both natural and man-made materials, we have something to suit every project.

excellent logistics

“our central location enables us to get your product to you quickly & efficiently”

Coffee shop table, illustrated in White Carrara Marble

big enough to cope

“amongst the largest in our field in the UK”

continuous investment

At Caterham we take great pride in ensuring we always have the right equipment to handle even the largest or most complex of jobs.

With the most advanced equipment in the business, our highly experienced specialist workforce are fully trained to operate the latest machinery.

Our recently expanded 50,000sqft factory has numerous CNC machines, laser-guided bridgesaws and edge-polishing machines, each one operated by highly skilled craftsmen.

“our state of the art equipment ensures that we’ve got the right machinery to handle even the largest or most complex of jobs”
